82-Channel Setup

U.S. TV Passes New Milestone

WASHINGTON (AP) — American television passed another milestone today.

Any video set made in this country from now on must be capable of receiving 82—instead of 12—television channels.

The result, as time goes by, should be more stations, more program variety, and better television reception throughout the United States.

Congress passed the all-channel television set requirement in 1962 and made it effective today to give the industry time to adapt itself to the new law.

It also applies to any sets imported into this country.

Most television sets on the market today are equipped to receive only the 12 very high frequency channels from 2 through 13.

But television broadcasting, says the Federal Communications Commission—which originally asked Congress for the all-channel receiver law—has outlined those channels.

Ready to accommodate the overflow are 70 ultra-high-frequency channels. More than 100 UHF stations are operating today, but many television owners are not familiar with them because their sets are equipped for only VHF reception.

The 12 VHF channels can accommodate no more than 650 television stations. Thus, while

Quiet Night Reported On Cyprus Front

Uneasy Calm Comes After Appeal For Peace By U Thant

NICOSIA, Cyprus (AP)—Cyprus had one of its quietest nights in weeks Thursday.

U.N. headquarters reported that except for a few isolated shots in Nicosia during the night, no incidents had been reported from anywhere on the island for nearly 24 hours.

The uneasy calm came after an urgent appeal for peace from U.N. Secretary-General U Thant and firm action by the U.N. peace force on the strife-torn island.

Thant's appeal was officially welcomed by both Archbishop Makarios, the Greek Cypriot president of Cyprus, and Vice President Fazil Kutchuk, the leader of the Turkish Cypriot Community.

In the Kyrena Mountain range north of Nicosia and below its Turkish-held St. Hilarion castle, where Greek and Turkish Cypriots had battled since Friday, Canadian soldiers have manned permanent observation posts between the two factions.

They warned both warring sides they would immediately return any shots that came in their direction.

Greek and Turkish Cypriots remain on guard against attack.

The Greeks were doubly cautious because today is the Greek Orthodox Good Friday, ushering in the biggest religious holiday in the Greek calendar.

Observers believed the uneasy lull would continue through the weekend. With Makarios fully occupied by his ecclesiastical duties for the next three days, he is not expected to have any time to spare for his presidential role.

Wellsville Girl Hurt In Colliding With Car

A Wellsville youngster suffered bruises and abrasions when she ran into the path of an Irondale area resident's car Thursday afternoon on Clark Ave., Wellsville police reported.

Sandra Gibson, 8, daughter of Ernest Gibson, 2018 Clark Ave., was treated at City Hospital for abrasions of the right shoulder, left ankle and side of the leg, and a small bruise of the head.

Police said she darted into the path of the southbound car of Louis B. Workman, 38, of Irondale R. D. 1, at 4 p.m. The driver's statement that he was traveling slowly and that the youngster ran into the path of his car was supported by witnesses, police said.

4 Marines Wounded, Copter Down In Viet Nam

SAIGON, South Viet Nam (AP)—Four U.S. Marines were wounded and a helicopter was brought down Thursday as Communist ground fire raked a fleet of Marine helicopters taking South Vietnamese forces out of a battle area 35 miles west of the northern city of Danang.

A Marine officer and an enlisted man suffered bullet and shrapnel wounds, a U.S. spokesman said. A Marine enlisted man in another helicopter also was hit.

The Viet Cong fire knocked out the engine of a third helicopter. A crew member was wounded.

Pottery Union Backs 3 Levies For Schools

The International Brotherhood of Operative Potters said today it has endorsed levies that will be voted upon at Tuesday's primary election in the East Liverpool and Beaver Local School Districts.

It urged its members to help approve renewal of two East Liverpool school levies totaling 12 mills and a new Beaver Local levy of 5 mills. The IBOP said its action is "in conjunction with the AFL-CIO's program for school support."

among 155 city school districts in the state in the amount of money spent per child for operating expenses. East Liverpool spends \$326.33 compared to the state average of \$394.32.

The district trails Salem, Leetonia, Lisbon, Fairfield-Waterford and United Local and is ahead of Wellsville, Southern Local, Columbian, Beaver Local and East Palestine.

The school tax rate now is 23.2 and is fourth among school districts in the county.

The 11-mill levy is renewal of two levies for 8 and 3 mills that have been in effect for several years. The 3-mill levy was enacted in 1960 as a new tax.

Steel Firms Optimistic On Outlook

Profits Soaring, Output At Gallop, No Labor Disputes

NEW YORK (AP) — The nation's \$16-billion steel industry, biting its nails at this time in 1962 and 1963, is brimming with optimism.

Production is at a gallop. Major producers report first-quarter profits up in many cases 50 to 75 per cent from a year ago. There is no sign of a serious labor dispute.

Edmund F. Martin, board chairman of the second-ranking firm, Bethlehem Steel Corp., told newsmen 1964 might prove a record year for steel companies assuming there is no strike in the auto industry.

The main threat to tranquility, a federal indictment charging eight big steelmakers with price fixing in 1955-61, has crowded pretty much into the background for the time being. The companies have pleaded innocent.

Two years ago steel executives were nursing wounds from their run-in with the late President John F. Kennedy over an attempted price increase, later withdrawn. A year ago anxiety over a possible strike had not dissolved in a contract settlement.

With the economy on a prolonged and strong upbeat, the market for steel is the best in five years or longer on a sustained basis. It points to a possible bettering of the 117-million-ton industry production record set in 1955.

Martin was the first top executive to publicly acknowledge the prospect. Others, while solidly optimistic, cautiously have steered clear of direct comparisons involving the 1964 outlook.

Mill operating rates have climbed slowly but steadily since last August. Now, steel is being poured at an annual rate of about 128 million tons.

Two more major firms checked in Thursday with glowing profit reports. Bethlehem, with a 47 per cent gain from the 1963 first quarter, and Jones & Laughlin Steel Corp., with a 62 per cent gain.

Martin observed that the year-earlier comparison was with a doldrum period when Bethlehem's earnings were dragged for 1962 to a 15-year low.

Sen. J. W. Fulbright, chairman of the Senate Foreign Relations Committee who has called on the administration to reappraise its Cuban policy, said that if the Republican statement meant anything "it means we should go to war to oust Castro."

"I do not approve of going to war to oust Castro and I do not believe most Americans do," the Arkansas Democrat told a reporter. "They have too much common sense to believe that the small island of Cuba is a directly dangerous threat to the United States."

"It is a rather crude and obviously political document. I think the American people are too mature to take it seriously. Americans will remember that Castro came into power during the administration of Dwight D. Eisenhower, brother of the chairman of the council."

Sen. Hubert H. Humphrey of Minnesota, the assistant Senate Democratic leader, said the document "is highly emotional, partisan and it borders on irresponsibility."

There's another "partner" to the big payoff — the Internal Revenue Service, which must approve the validity of the seven-man combine. Taxes would be considerably higher on a single individual.

Each of the seven sharing in the pot gets more than \$18,890, before taxes, if they split it up equally.

Bar Operator Fined

EAST PALESTINE — Norman Reynolds, operator of the Clover Leaf tavern at Lisbon, was fined \$100 and costs and given a suspended 90-day jail sentence for selling liquor without a permit Thursday by County Judge Herbert Arfman.

real deterrent to a wave of such offenses.

"There is no reason why anyone should drive a car 95 miles an hour," the judge told Kapp.

"You are tempting fate. Worst of all, you might kill some innocent person."

After a hearing this morning, the judge returned a finding of guilty in the case of Earl F. Barkley, 41, of New Waterford R. D. 1, cited Wednesday night on a charge of speeding 65 miles an hour in a 50-mile zone on the new Freeway.

Walton L. Kapp of R. D. 2, a railroad brakeman, told the court: "I did not realize I was going 95."

Judge Chertoff also fined Kapp \$25 and costs. Police said

Kapp was arrested at 9:57 by Patrolmen Jack Walsh and Paul Blevins.

Democrats Fire Back

Republicans Prod Johnson In Regard To Policy On Cuba

Urge He Say

U.S. Set To Apply Force

GOP Stirs Up Fuss By Recommending Immediate Action

WASHINGTON (AP)—A Republican council has recommended that the Johnson administration tell the world it is prepared "as a last resort to use military force to remove international communism from Cuba."

Democrats immediately fired back, describing the stinging GOP criticism of the administration's Cuban policy as "a crude political document."

And the Democrats remembered to remind their GOP critics that Fidel Castro took over as prime minister of Cuba while a Republican, Dwight D. Eisenhower, was president.

The fuss was stirred up Thursday when the Republican Critical Issues Council peppered the Democratic leadership with a series of demands for action against Castro.

The 24-member council of prominent Republicans, headed by Dr. Milton S. Eisenhower, younger brother of the former president, urged an immediate end to U.S. curbs on anti-Castro raisers and establishment in Latin America of a Cuban government in exile. It said the latter would rally 300,000 Cuban refugees "to work openly for the liberation of Cuba."

Sen. J. W. Fulbright, chairman of the Senate Foreign Relations Committee who has called on the administration to reappraise its Cuban policy, said that if the Republican statement meant anything "it means we should go to war to oust Castro."

"My mother is sinking fast," said his son, the third Viscount Astor.

Relatives were called to her bedside at Grimsthorpe Castle, the Lincolnshire home of her daughter, Lady Ancaster.

Lady Astor was the first woman to enter the British Parliament—in 1919, as member for Plymouth.

"I love politics and I love a fight," she once said. She had plenty of both.

Women's rights were her great crusade and drink her great aversion.

For 25 years the Commons enjoyed her affectionate feuds with Winston Churchill, no fervent admirer of feminists or prohibition.

He was explaining how spoiled wives of wealthy men are not above a little financial deception. Behind a web of feminine chicanery, Arthur Keller, 42, concealed his theft of \$166,000 from Mainbocher, where he was general manager for 15 years at \$22,500 a year.

Keller pleaded guilty to the theft Thursday and Justice Charles Marks freed him without bail to await sentence June 11.

A dapper man with a mustache, Keller took the money to indulge his passion for boats. His swindle enabled him to move steadily upward in maritime circles until he skippered his own \$79,000 yacht.

Keller covered up his thefts for seven years by an involved scheme of juggling accounts—and it was here that the peccadilloes of Mainbocher customers turned to his advantage.

At Keller's arraignment, New-

man told the court that as an

act of mercy he would just as

soon draw the curtain on the

whole affair.

New CUMBERLAND—Judge James G. McClure has postponed until May 9 further arguments in the suit of Mrs. Harriet Tennant of Weirton against Atty. William J. Moore. She asks punitive damages, recovery of alleged property and payment she claims she did not receive when the property settlement was made.

Tough Talk About Invincibility

Communist World Stages Its Annual May Day Rites

By The Associated Press

The Communist world held its annual May Day rites today with massive outpourings of people in Moscow and Peking and the usual tough talk about the invincibility of communism.

But the great schism between the Soviet Union and Red China cast its shadow over the gala celebrations. The Soviets refused to attend the Peking rally and withdrew an invitation to a Chinese labor delegation to view the annual parade in Moscow's Red Square.

East Germany, Bulgaria, Hungary and Czechoslovakia joined the Soviets in their boycott of the Peking festivities.

Many non-Communist countries also held May Day celebrations to honor their labor force.

But there were few such activities in the United States, where labor's big holiday occurs in September.

The Soviet Union unveiled a new antiaircraft twin rocket during a parade through Red Square in which tens of thousands of soldiers and workers

marched. Western observers said the 20-foot rocket appeared to be for field use against planes at medium or low altitudes.

Standing by Premier Khrushchev atop Lenin's tomb, Soviet Defense Minister Marshal Rodion Y. Malinovsky warned that the Soviets are strong enough to smash any attacking imperialist state. Algeria's President Ahmed Ben Bella and an array of government officials and visitors were on the reviewing stand.

Red China's Premier Chou En-lai told a reception for 1,300 foreign visitors on the eve of the big rally in Peking's main square that his country would win its quarrel with the Soviet Union and other Communists together and said: "The united front against U.S. imperialism is steadily expanding and we shall unite ever more closely and continue for the victory of our common cause."

The giant square was decorated with huge portraits of Mao Tse-tung, Marx, Engels, Lenin and Stalin.

The East German Communists marked May Day with a massive military parade in East Berlin.

About 300,000 West Berliners attended a trade union rally on their side of the wall. They heard speeches by Chancellor Ludwig Erhard and West Berlin Mayor Willy Brandt.</

Officers Nab 2 City Men In Theft Charge

Two men were jailed Thursday for alleged theft of seven electric coffee makers from the Croxall Chemical & Supply Co. building on S. Market St., police reported.

They were identified as William Snodgrass, 804 St. Clair Ave., and Robert Haught, 117½ W. 2nd St. The men are brothers-in-law and Snodgrass is an employee of the chemical company, officers said.

Snodgrass was taken into custody early yesterday by Lt. Clyde W. Bosco in an alley outside the Croxall building. The officer said Snodgrass acted suspiciously when he saw the police cruiser. Lt. Bosco said he took Snodgrass into custody and found he had three coffee makers in his possession.

After interrogation of the first suspect, Patrolmen Howard Bosworth and Jack Walsh were dispatched to take custody of Haught.

Mary Hodgson, a secretary at the chemical company, told police Thursday that Russell Smith, the proprietor, discovered Sunday that four coffee makers were missing.

Arraigned today before Municipal Judge Samuel M. Chertoff on petty larceny charges, both men were given suspended 90-day terms in County Jail after entering pleas of guilty.

Devices made by the Hall China Co. are used by the chemical company as gifts for its customers. They are valued at \$12 each.

For Fall Campaign

Charles Kurcina Heads Midland's United Fund

Charles Kurcina of Ohioville, an assistant division superintendent at the Midland Works of the Crucible Steel Co., has been named campaign chairman for the United Fund Drive in the Midland area next fall.

The announcement was made by Steve Trbovich of Midland, president of the Midland Area Charities.

The charities' Board of Directors has approved a second-quarter payment of \$13,490.50 to the United Funds of Beaver County and a second-quarter payment of \$250 to the Midland Hot Stove League.

Trbovich also announced committees for the year:

Executive: Trbovich, chairman; Charles R. Schmitt of Midland, Charles A. Jacoby of Ohio View and Fred G. Wilton and Nile Wain, both of Midland.

Campaign: Kurcina, Jacoby, Donald Craik of Midland and George Bradshaw and Earl Rankin, both of Industry R. D. 1.

Finance: William R. Black of Ohio View, chairman; Homer N. Paul of Ohio View and Charles L. Finley, Lawrence G. Andrews and Jules Jacob all of Midland.

Admissions and allocation: Wilton, chairman; the Rev. George H. Bohlander, David D. Scherwa, Ralph Pope, Angelo Cellini and William I. McInerney, all of Midland.

Wilton and Rev. Bohlander

are representatives of the local charities to the allocations and admissions committee of the United Funds of Beaver County.

Kurcina succeeds Jacoby, who headed a successful UF drive last year, resulting in \$59,240 and winning the county's banner for the area going over its goal by the greatest percentage.

Kurcina has assisted three years in the United Fund drive in the Ohioville area, of which he was chairman last year.

He is a member of the American Institute of Steel Engineers and VFW Post 2454 of Bellevue.

County Primary Candidates

Tuesday's primary election will find competition for party nominations as candidates for Columbiana County offices existing only for commissioner and state representative.

All candidates for other offices at the county level are without opposition.

Republican candidates for two commissioner nominations include Walter A. Hunston of East Palestine and Galen Greenisen of near Salem, incumbents. W. H. Stratton of Columbiana, Atty. Donald Elliott of Rogers, Samuel B. Webber of East Liverpool and Robert P. Kelm of Lisbon.

Mr. WEBBER of Broadview Circle, a former Councilman, is employed at the Crucible Steel Co., and has been in party activities for some years. Atty. Elliott previously served on the county board of education and has filled many civic and government posts.

Mr. Kelm, a building contractor, is a member of Lisbon Council, and Mr. Stratton, a restaurant operator, was formerly Salem Township clerk.

Mr. Hunston and Mr. Greenisen are veteran county administrators—having served three terms each—and have shown an especially acute concern about cooperation of county and municipal governments, planning and development of suburban areas.

The Review believes the two present commissioners would undoubtedly be the best qualified party candidates.

THE DEMOCRATS seeking the nominations for commissioner are Frank D. Wilson of Wellsville, R. Max Gard of near Hanoverton, Paul Yarwood of Lisbon R.D. 4, Lew Sowards of Lisbon R.D. 3 and Robert Owen of East Liverpool.

Mr. Wilson, a grocery store operator, and Mr. Gard, area historian and antique dealer, are former commissioners. Mr. Sowards is a farmer and Crucible employee, and Mr. Yarwood is employed at the County Home.

Mr. Owen is well-known in East Liverpool, having served on Council, operated an East End hardware business for a number of years and performed ably as safety-service director in 1961-63.

MR. GARD, who has shown an understanding of county problems, and Mr. Owen, with proven administrative ability, deserve the support of Democratic voters.

Ford Joseph Jr., Salem Council president and operator of a dry cleaning establishment, and John E. Donnelly of Salem, maintenance man for the Mullins Manufacturing Co., are after the Democratic nomination for State Representative.

Rep. Clarence Wetzel of Lisbon, Incumbent, is unopposed on the GOP ticket.

Change In Pennsylvania

The apparent victory of Genevieve Blatt in obtaining the Pennsylvania Democratic nomination for U.S. Senator has brought a new look to the party in the Keystone State.

Running as an independent, with limited funds, the Pittsburgh woman won 58 of the state's 67 counties against the party-backed Judge Michael Musmanno.

Her support from the voters is a triumph for Sen. Clark, who, alone of all the party leaders, backed her actively. Sen. Clark successfully overcame the party organization at Philadelphia where Judge Musmanno failed to garner

the votes needed to insure his nomination.

Although the final outcome of the narrow race—Miss Blatt, currently Secretary of Internal Affairs for the state, has some 457,000 votes to Judge Musmanno's 451,000—will not be decided until 5,000 Democratic absentee ballots are counted May 8, she and Sen. Clark have upset the power of the top party leaders at Pittsburgh and Philadelphia.

The independence of Miss Blatt and Sen. Clark and over half of the Democrats in Tuesday's election is a refreshing trend which should do much in improving both the party and Pennsylvania.

Keep Ohio On Top

same time, expand the job market for workers who live here.

A RECENT SURVEY of the nation's top industries showed Michigan, Wisconsin, Ohio, Illinois and Indiana as the areas preferred by industries for expansion. Of these states, Ohio is at the top.

Ohio ranks among the first three states in the nation on percentage of its superhighway program either completed or under construction.

Passage of Issue No. 1 next Tuesday will keep Ohio on top and make it much more attractive to new industries.

Business and industry continually are battling rising costs. Lower transportation costs—with new superhighways on which to move raw materials into plants and transport finished products—are one of the few ways they can reduce overhead.

"Why the night of Jan. 25, 1966?" I asked Luna.

"Because on that night our brotherhood will expect the railroads of the land automatically to rehire all men they've laid off in this battle over the two years between Jan. 25, 1964, and the 1966 date," he said, as John L. Lewis would have said it, not testily but with quiet certainty.

"AT THAT TIME I will represent my men on the job and off the job. We will take action."

He agreed that "action" meant strike if the men were not rehired. He will be backed up by the Locomotive Firemen who also will want "every one of their men laid off to be rehired after a year period."

I then asked Luna what is the real significance of the date, Jan. 25, 1966. Speaking in the jargon of a man who has worked himself up from bridge tarring and hand toil on the roadbeds, he responded with, "Watch Arbitration Board No. 282."

This is the seven-man arbitration board created by Congress to settle disputes arising under the compulsory arbitration law passed at the end of last August. It has the power to decide how deeply train crews in general can be cut by the railroad companies and goes far beyond

IF OHIO CAN OFFER a network of superhighways superior to those in other states, then it will have a tremendous advantage in its quest for new industries.

A vote of "Yes" on Issue No. 1 will be a boost to the industrial development program here and for the rest of Ohio.

The slogan adopted by the Ohio Committee for Highway Progress—"Keep Ohio Rolling"—is exactly what voters will be doing Tuesday, if they cast "Yes" ballots on the \$500 million highway bond program.

people about the way they treat animals. But being a free citizen of the United States, he has a right to be offended by the hubbub he caused when he hoisted his beagles by their ears.

Of course he won't say anything—being in politics.

BUT IF ONE of his constituents may be permitted to say something, "Nuts."

There have been no objections from the beagles, first of their kind to have it so good in the executive mansion.

There are no objections from dog handlers, whose hearts do not bleed easily for the animals they handle professionally.

There are no objections from Americans fed up with bleeding hearts, to say nothing of snipers, snappers and carpers who make a profession of pouncing on every little thing a chief executive does, in the hope of magnifying it out of proportion.

A few weeks ago they had a hemorrhage when Mr. Johnson drove faster than 70 miles an hour in his own car, on his own road, on his own ranch. They tried to build this up into a big thing, with the willing assistance of the President's political opponents.

As we said before, "Nuts."

This 'n That

According to one recent survey, people with higher than average educations and IQ's show the greatest preferences for celery and olives—and likewise, intellectual attainment and a marked liking for grapefruit seem to go hand in hand.

Some of us wouldn't pick up a cat by the scruff of the neck, though that is the way a mother cat picks up her kittens. For all we know, a beagle may like to have its ears used as handles. President Johnson thinks so, and he has a right to his opinion.

Being in politics, of course, he shouldn't have offended bleeding hearts looking for a chance to second-guess other

people.

Although George Washington laid the cornerstone of the White House, in Washington, D.C., he was the only President who never lived there.

Who Goes First?

New Rail Crisis Looms In 1966

By Victor Riesel

Already there is new railroad strike talk in the troubled air.

Just one crisis has been skillfully sidetracked in the White House. Another is highballing down on the country.

This one will begin to pick up speed in a few months and continue until the new deadline for action.

Victor Riesel on the night of Jan. 25, 1966.

Then the President of the United States will again have to move in.

On that day, "There will be chaos and confusion on the rail lines." I have just been told by the venturesome Texan, Charles Luna, president of the Brotherhood of Railroad Trainmen. Not only is he head of the largest of the on-train unions which threatened to strike last week but he is about to catapult into the group of national labor chiefs who make policy for all American labor.

"Why the night of Jan. 25, 1966?" I asked Luna.

"Because on that night our brotherhood will expect the railroads of the land automatically to rehire all men they've laid off in this battle over the two years between Jan. 25, 1964, and the 1966 date," he said, as John L. Lewis would have said it, not testily but with quiet certainty.

"After that we no longer are bound by anything," Luna explained. "We still have our old contracts with the railroads. Everybody seems to forget that No. 282 can impose an interpretation only for the two years between last January and January 1966. But the board's decision don't change our regular contracts.

"Individual crew sizes have been set under these still-existing contracts and by traditional practices. Comes the night of Jan. 25, 1966, we want all our men back on the job if they

the 30,000 locomotive firemen who can be eliminated under an earlier ruling.

THIS ARBITRATION board—the 282nd in recent history—can order the cut of one man from each of thousands of train crews—except in the 16 states which have "full crew" laws.

Luna says that this could eventually affect 30,000 of the employees who are trainmen, as well as 30,000 firemen and thousands of others.

Under previous rulings some 3,700 firemen will be laid off on

May 7, the very day on which "282" convenes at Washington to set up procedure for the hearings of railroad demands for new layoffs. The hearings themselves will start this summer.

Luna said that his union will go along with "282's decisions."

But these are only good for two years under last summer's special compulsory arbitration law, which has been upheld by the Supreme Court.

"Despite the fair treatment I got from the President and his two skilled mediators, I was like a mouse in a trap. I did not want the cheese. All I wanted was to get out of the trap and not get snared up with Congress."

"Remember," he retorted, "that was a matter of adjusting wage disparities. It had nothing to do with the wholesale layoff of men who put their trust in me. These are two separate issues."

"Despite the fair treatment I got from the President and his two skilled mediators, I was like a mouse in a trap. I did not want the cheese. All I wanted was to get out of the trap and not get snared up with Congress."

"But a repeat visit seems inevitable. There is no doubt that the railroads will refuse to rehire the thousands they will lay off in the next 21 months. There is even less doubt of Luna's determination to force rehiring.

What is absolutely needed now is the immediate launching of new negotiations to be guided by skilled mediators over the next year to end the perpetual threat of "chaos and confusion" that has been giving the country the jitters for so long.

Federal Finances Seen In Serious Danger

Most people, upon reading in their newspapers last Wednesday, a speech by President Johnson telling of the large profits of business and promising further tax cuts, must have gained the impression that everything is all right in the national economy. They probably would be surprised to learn that many observers who have given close attention to economic factors are fearful of the future and believe that the finances of the federal government today are in one of the most dangerous positions they have been in during any peace-time year in our history.

When the President made his speech at a dinner of business and financial leaders at the White House, he told only one part of the story. He emphasized that profits in business have risen from \$21.8 billion in 1961 to \$27.1 billion in 1963, and are expected to reach \$31 billion in 1964.

He didn't tell his audience, however, that the profits of corporations in 1961 were at a very low rate. They are estimated at 6.1 per cent of the national income for 1964, whereas in 1950 they had reached 9.4 per cent. This indicates clearly that while the national income has grown, the rate of profit has actually declined.

ONE REASON for this, of course, is that wage costs have gone up from 65 per cent of the national income in 1947 to an estimated 71.1 per cent in 1964.

Even in relation to the total volume of sales, profits also are down. Thus, earnings after taxes were 6.5 per cent of sales in 1947-49, and are now estimated for 1964 at 5 per cent.

Most important of all is the impact of unsound fiscal policy on the future value of the dollar. Thus, in his speech, the President said:

"It's too early to make firm promises on further tax cuts, but if this one is a success—as I have every reason to believe it will be—in building production, creating jobs, raising profits and generating revenues to balance the budget, then I see another tax cut a few years down the road."

But a repeat visit seems inevitable. There is no doubt that the railroads will refuse to rehire the thousands they will lay off in the next 21 months. There is even less doubt of Luna's determination to force rehiring.

What is absolutely needed now is the immediate launching of new negotiations to be guided by skilled mediators over the next year to end the perpetual threat of "chaos and confusion" that has been giving the country the jitters for so long.

NOWHERE in President Johnson's speech was there a single reference to the enormous debt of the federal government. It's around \$310 billion—the largest in history. Although it has been 11 years since the close of the Korean War and 19

MEXICO CITY—Mexicans long have considered it their inalienable rights to poison themselves with spoiled food, burn out the lining of their stomachs with spicy ones and drink down or chew up typhoid bugs at will.

Unfortunately, in government circles there is not much of a tendency to look ahead several years. The custom is to look only a few months ahead to a national election, the winning of which is directly related to how widely an impression of prosperity can be conveyed by administration spokesmen.

The picture that is being painted by them today is rosy indeed. It was very rosy in 1929, too, until the facts of economic life began to emerge in a national economy that outwardly was booming but inwardly was struggling in vain against credit inflation and high interest rates.

4.64 Inches Last Month

March, April Showers Equal Half Of 1963 Rain

April's showers, plus the rains in March, have drenched the district with almost half as much precipitation as fell during all of 1963. Edwin Copeland of Millport, U. S. weather observer, said today.

A total of 4.64 inches fell in April, compared to the normal 3.08 inches, he said in the monthly summary.

"In the past two months we have measured 12.14 inches of rain, almost half as much as the total of 26.5 inches in 1963," he said.

"Rain has fallen on an average of every other day, while the normal pattern calls for rain every third day."

He said the rain has brought 1964's total of 16.11 inches, helping ease the deficit of 17.35 inches over the past two years by 4.48 inches.

"But we are still short 12.87 inches of rain," he declared.

Farmers are hoping for a break in the rainy days, because not very much spring planting has been done yet. "Winter small grains look very poor over the county because of the late start last fall; lack of rain delayed the crops until November—they should have come up in mid-October."

April had 16 rainy days, 12 clear, 12 cloudy and six partly cloudy days for a sunshine average of 50 per cent. The normal is 55 per cent.

The temperatures last month averaged 49.7, almost two de-

gress warmer than the normal 47.8 degrees.

The mercury ranged from a low of 5 degrees on April 1 to a high of 81 on April 17, Copeland said.

Copeland pointed out the Millport station is in an area with the shortest growing seasons of all the other weather observation stations in Ohio.

This is due to two factors—it is one of the highest at 1,145 feet above sea level, and it is located in a deep valley.

"This gives the effect of being an elevated valley, and the cold air drains off the surrounding hills on clear nights, collecting in the valley and causing the lowest minimum temperatures in the valley bottom."

He said the Millport season is 138 days. The average final frost is May 18 and the first is Oct. 4. "On May 18 you stand a 50-50 chance of frost, but on June 1, only a 10 per cent chance."

"This is one of the reasons area gardens with plants subject to frost damage should not be planted until Memorial Day. The other reason is that the soil has warmed up more by late May."

He said onions, radishes, peas and other "non-frostable" vegetables can be planted earlier, but there is too much risk in planting such "frostible" plants as tomatoes, beans, sweet potatoes and others.

Torch Bearer Ceremonies Held By Camp Fire Girl Unit

The Torch Bearer ceremonial highlighted the meeting of the Wyandot group of Camp Fire Girls, Inc., Tuesday night at East Junior High School. About 45 attended.

Mrs. Virgil E. Smith, guardian, presided. Rhonda Hayes was mistress of ceremonies.

Patricia Brown led the singing of "America." Jackie Rardon led Ps. 23. Laura Tullis conducted the flag salute. Mrs. Smith offered prayer.

The group gave the Wohelo call. Miss Hayes extended the welcome and Mrs. Norman Nicely gave the response. Miss Brown explained the Junior Hi campfire. Nancy Uselton gave the Torch Bearer deire.

A candlelight ceremony was conducted at a table display of seven crafts. The girls beaded candleholders in the Indian colors of green, yellow and blue.

Phases portrayed were Mildred Carter, "The Light of Art;" Miss Uselton, "Sports and Games;" Dorothy Powell, "Outdoors;" Miss Hayes, "Science;" Mary Powell, "Home," and Martha Eddy, "Party Fun."

Remarks were heard from Mrs. Nicely, Mrs. Bessie Law and Mrs. Smith, who introduced the new helper, Cathy Goddard.

Announcement was made of summer camping at Echo Dell.

A buffet luncheon was served at a table covered with a gold

West Virginia Board Due Action About Integration

CHARLESTON, W. Va. (AP) — The State Board of Education was to end a two-day meeting here today with the possible adoption of a policy statement on public school integration. The matter was postponed Thursday because of a crowded schedule.

The board did order Thursday an investigation into the State Secondary Schools Activities Commission. State School Superintendent Rex Smith and county school boards were asked to determine if the commission has acted beyond its authority.

In other action, the Yahan Electric Co. of Wheeling was awarded a contract of nearly \$50,000 for work on a West Liberty State College housing project.

The board originally rejected Yahn's bid because it allegedly arrived after the deadline for accepting estimates. The firm appealed the rejection to the State Supreme Court which found the bid had been received in time.

The investigation of the activities commission was ordered in the wake of complaints that the body had infringed on the powers of county school boards.

State Sen. William J. Tompkins, D-Hancock, attacked the commission earlier this year when it prohibited a trip by the Weirton High School Band to the New York World's Fair. The excursion had been approved by the Hancock County Board of Education.

J. C. Jeffords, a state board member, said the commission has no legal standing and has "extended its authority a good deal."

The commission is composed of high school principals, and controls extracurricular and athletic activities in high schools.

The board also took action Thursday to advertise the sale of \$645,000 in revenue bonds for construction of housing facilities at Glenville State.

Also Thursday, the board approved the purchase of 37 acres of land at Shepherd College for \$125,000; and the sale of \$650,000 in bonds for a woman's dormitory at Marshall University.

British Princess Margaret Gives Birth To Girl

LONDON (AP) — Princess Margaret gave birth today to a girl.

"It's marvelous news," said Lord Snowdon, the baby's father.

"She looks a super baby," Queen Elizabeth's sister said.

Snowdon also have a son, Viscount Lindley, born in November, 1961.

Snowdon said both mother and child were doing well.

The baby was the fourth royal birth this year. Earlier, Princess Alexandra, the queen's cousin, had a boy on Feb. 29. The queen had a boy March 10, and the Duchess of Kent, commoner wife of Alexandra's brother, had a girl Tuesday night.

Margaret's baby takes seventh place in the line of succession to the throne, displacing the Duke of Gloucester, an uncle of the 33-year-old princess.

The birth was announced in an official bulletin from Kensington Palace, where Margaret and Snowdon live.

Columbia Gas Seeks Wholesale Rates Cut

WASHINGTON (AP) — Ohio Fuel Gas Co.—now Columbia Gas of Ohio—has filed with the Federal Power Commission for permission to reduce its wholesale natural gas rates by \$725,000. The reduction, reflecting the corporate income tax cut, would affect 29 utility customers in Ohio.

LONDON (AP) — Princess Margaret gave birth today to a girl.

"It's marvelous news," said Lord Snowdon, the baby's father.

"She looks a super baby," Queen Elizabeth's sister and Snowdon also have a son, Viscount Lindley, born in November, 1961.

Snowdon said both mother and child were doing well.

The baby was the fourth royal birth this year. Earlier, Princess Alexandra, the queen's cousin, had a boy on Feb. 29. The queen had a boy March 10, and the Duchess of Kent, commoner wife of Alexandra's brother, had a girl Tuesday night.

Margaret's baby takes seventh place in the line of succession to the throne, displacing the Duke of Gloucester, an uncle of the 33-year-old princess.

The birth was announced in an official bulletin from Kensington Palace, where Margaret and Snowdon live.

Columbia Gas Seeks Wholesale Rates Cut

WASHINGTON (AP) — Ohio Fuel Gas Co.—now Columbia Gas of Ohio—has filed with the Federal Power Commission for permission to reduce its wholesale natural gas rates by \$725,000. The reduction, reflecting the corporate income tax cut, would affect 29 utility customers in Ohio.

Texas Eastern Transmission Corp., Houston, Tex., meanwhile asks for a \$2,364,000 rate reduction affecting 80 customer firms in a number of states including Ohio.

Beaver Local Groups Plan Sale, Car Wash

The freshmen college prep English classes of Beaver Local High School have scheduled a car wash and a bake sale Saturday as fund-raising projects.

The car wash will be held at Theron's Country Store in Columbiana and the bake sale at the Crooks Furniture Store in East Liverpool. The bake sale is 8:30 a.m. to 5 p.m.

Young Driver Fined

LISBON — Robert P. Mahon, 17, of 820 N. Market St., East Palestine, was fined \$15 in Traffic Court hearings at the courthouse. He pleaded guilty to a State Highway Patrol charge of following too closely.

24 New Resolutions Entered For Pottery Union's Meeting

Twenty-four more resolutions have been filed by local unions for consideration at the annual convention of the International Brotherhood of Operative Potters in July in Long Beach, Calif. The total now stands at 55.

The text of the new proposals was published today in *The Potters Herald*, the official union newspaper.

Local 9 and Local 86, both of East Liverpool, submitted proposals to cut the terms of international officers to two years from the present four years.

Local 9 also submitted a resolution calling for elimination of three international vice presidencies. Instead of 10, the union would have seven vice presidents, along with a president and secretary-treasurer.

Local 86 entered a resolution allowing the Executive Board to fill the vacancy in a vice president's office if the unexpired term runs less than six months before a general election. But if the unexpired term is longer than six months, a special election would be held, it provides.

Local 163 of East Liverpool filed a proposal that the international conventions be held biennially, instead of annually, as at present. The same question was before the last convention.

Local 9 entered a resolution calling for the international to pay the expenses of local union delegates attending conventions. It calls for payment at the rate of \$3.75 hourly, or \$30 for an eight-hour day, plus transportation at the rate of 10 cents per mile.

Local 46, also of East Liverpool, filed a proposal empowering the Executive Board to assign only its members to the

Former Rail Employee Dies

Norman L. Haught, 1513 Clark Ave., Wellsville, a retired employee of the Pennsylvania Railroad Co., died this morning at Presbyterian Hospital in Pittsburgh, where he had been a patient five days. He was 77.

Mr. Haught was born in West Virginia March 2, 1887, to the late Joshua Haught and Adaline Brown Haught, and resided in Wellsville for 60 years.

He was a member of the First Methodist Church and served as a trustee, and belonged to the Wellsville Masonic Lodge, the Junior Order of United American Mechanics of Toronto and the Brotherhood of Maintenance-of-Way Employees, in which he served in the capacity of a rep-

resentative at the time of his retirement.

He is survived by his widow, Mrs. Grace Haught at home; two daughters, Mrs. Edith Douglas of Oakmont, Pa., and Mrs. Roberta McLaughlin of Zanesville; a son, Robert Haught of Port Homer, and eight grandchildren and one great-grandchild.

The Haught Funeral Home in Wellsville is arranging services.

William E. Shell

William Earl Shell of W. 3rd and Jackson Sts., a retired porter, died this morning at 5:45 at Goldie's Rest Home, after an illness of several months. He was 66.

He was born in Leetsdale, Pa., to the late Mr. and Mrs. Henry W. Shell, and came to East Liverpool from Los Angeles in 1941. He was a member of the Moose Lodge and Moose Club.

He is survived by a daughter, Mrs. Dorothy Burlingame, and a son, Elmer Schell, both of East Liverpool; a sister, Mrs. Olive Jones of Richmond, Calif., and four grandchildren and three great-grandchildren.

Services will be held Monday at 2 p.m. at the Dawson Funeral Home by the Rev. Irwin Jennings, pastor of the Calvary Methodist Church. Burial will be in Columbiana County Memorial Park.

Friends may call at the funeral home Sunday.

Homer O. Peck

Homer O. Peck, 1739 Main St., a resident of the Wellsville area for 60 years, died this morning at 4:20 at the Greystone Nursing Home in Wellsville, where he had been a patient since Dec. 13. He was 75.

Mr. Peck was born in Indianapolis Jan. 6, 1889, to the late James Peck and Ross Little Peck. His wife, Mrs. Carrie Craig Peck, died Jan. 17.

He leaves four daughters, Mrs. Mary Rice of Cleveland, Mrs. Leora James of East Liverpool, Mrs. Helen Rockenhausen,

er and Mrs. Cora Mae Smith, both at home, and nine grandchildren and nine great-grandchildren.

Services will be held Sunday at 2 p.m. at the MacLean Funeral Home by the Rev. Arden R. Beck, pastor of the Wellsville First Methodist Church. Burial will be in Springhill Cemetery, Wellsville.

Friends may call at the funeral home in Wellsville after 2 p.m. Saturday.

Mrs. Mary Floding

LISBON — Mrs. Mary E. Floding, 85, died Thursday at 7 p.m. at the home of her daughter, Mrs. Margaret Houlte, of Leetonia R. D. 2. She had been in ill health for three years.

She was born Sept. 26, 1878, in Leetonia to Michael Carroll and Anna Hull Carroll and she spent most of her life in the vicinity.

Mrs. Floding was a member of the Holy Trinity English Lutheran Church of Salem and the Guilford Grange. Her husband, Elben Floding, died in 1953.

Survivors besides her daughter include two brothers, William D. Carroll of Leetonia and Charles Carroll of Sharon and seven grandchildren and four great-grandchildren.

Services will be held Monday at 1:30 p.m. at the Eells-Leggett Funeral Home by the Rev. David Keister. Burial will be in Columbiana County Memorial Park.

Crew Continues Survey For Tax

Continuing a citywide survey launched April 6 to list all persons liable to the city income tax, the canvassing team is working today in the area around outer St. Clair Ave.

Tax Commissioner D. G. Wilkinson said the two employees are continuing the house-to-house canvass on Cartwright St., Pond St., Hill Blvd., Burrows Ave., Azalea Ave. and Ward St., all west of St. Clair Ave., and on Garner Ave., which runs both east and west of St. Clair.

Except for a few "call backs" to locate householders who were not at home on the first call, the survey virtually has been completed in the East End and Beechwood areas, Wilkinson said.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: You told Bill, who complained that his 37-year-old wife was no longer interested in sex, that her problem was probably mental. Well, I disagree with you.

That letter could have been written by my husband because I'm 37, too, and not interested in sex. Don't tell me I need a psychiatrist. I just want my husband to treat me like a woman instead of an appliance.

If a man wants his wife to be romantic he should be willing to turn off the TV once in awhile and put down the newspaper. Why doesn't he give her a few lines from that super sales talk he used during courtship—when he was trying so hard to break down her virtue?

Too many husbands treat their wives as if they are doing them a favor by coming home nights instead of going elsewhere. They talk endlessly about the cute chicks in the office.

Please, Ann, tell these complaining husbands to stop blaming their wives. Most women would be delighted, flattered—even thrilled—if their husbands made an honest-to-goodness pass at them. Like old times. — RUSTY HINGE.

Dear Rusty: Many women (like hundreds) wrote to say the same thing, and I'm happy to print this point of view, which is a valid one.

The original letter from Bill, however, made it clear that he WAS romantic and made many "honest t' goodness passes . . . like old times." His wife was a cold tomato who thought 37 was too old for sex. Have you all got it straight, now?

Out Of This World

Dear Ann: I'm a boy, 17,

who finds life a complete bore, except on weekends.

On Monday morning, when I am faced with five days of school, the only thing that keeps me going is the thought of the weekend.

I don't hate school, I just find it awfully hard to knuckle down. I let assignments go till the last minute because I'd rather day dream.

With finals in sight I wonder if you can help me conquer my problem so I can make some half-way respectable grades. I've been able to bluff my way through high school by last-minute cramming but I don't think I can get away with it in college. Help.—DENNIS.

Dear Dennis: A person who spends five days out of seven day dreaming needs professional help. This is too long a time to be out of this world. Dream castles are fun to visit, but anyone who tries to establish permanent residence in a dream castle is likely to find himself in deep trouble.

In The Dark

LEXINGTON, Ky. (UPI) — An unknown kite flier put lots of people in the dark recently. The metal string of the kite ran into a high tension line and knocked out power to about 375 customers for over an hour. A spokesman for Kentucky Utilities company said anyone had been holding the kite string when it hit the power line would have been killed.

Today, more than 12,000 American schools, about three-quarters of the nation's public high schools, offer driver-education courses, enrolling more than one million students.

2 Major Projects

**Building Permits
Rise To \$84,200**

Two major projects helped boost to \$84,200 the value of new construction and remodeling that got under way in East Liverpool in April, a gain of \$79,950 from the \$4,250 listed in March.

Mayor Merrill D. Hall's office issued 15 building permits last month, along with four authorizations to raze structures.

Most of the building permits covers renovation and remodeling of residential property.

The major projects are:

S. & G. Beer Distributors, a wholesale agency now located at

1253 Pennsylvania Ave., to erect a building on Dresden Ave. at an estimated cost of \$20,000. The Potters Construction Co. is the contractor.

Floyd Cox, contractor, to build a new home on Ravine St. for Pvt. Eddy VFW Post at an estimated cost of \$40,000.

Other April permits, the persons to whom they were issued, the work authorized and the estimated cost of each job:

Mack Jentz, to erect a one-story building at 1154 Pennsylvania Ave. for the New Hope Baptist Church, \$3,000.

C. W. DOLAND, to build a one-story home on N. Surrey Rd., Fisher Park, \$10,000.

Mike Pusateri, to replace a ceiling in a Pennsylvania Ave. building occupied by Tad Pontiac, \$1,800.

**GOP Urges Pennies
Be Sent President**

WASHINGTON (AP) — The Republican Congressional Committee newsletter today urged Americans to send pennies to President Johnson to enable him to keep the White House lights on at night.

It only costs one penny to burn a 100-watt light bulb all night, the newsletter said as it labeled the President's lights-out program "a phony economy which we could well do without."

Ohio Woman Receives**\$69,000 In Damages**

PITTSBURGH (AP) — Damages of \$69,000 have been awarded a Canfield, Ohio, woman for injuries she received as a pedestrian struck by a car Jan. 23, 1961. The settlement in U. S. district court Thursday went to Mrs. Susie Melleky.

Mrs. Melleky said she suffered head and internal injuries when struck by an auto owned by Griffith Trailers, Inc., Johnstown, Pa.

**1.6 Million Ohioans
Due Anti-Poverty Aid**

COLUMBUS, Ohio (AP) — Some 1.6 million Ohioans have annual income of less than \$3,000 and thus qualify as potential beneficiaries of the proposed "war on poverty," according to a participant in antipoverty planning.

Donald S. Carmichael of Cleveland made the remark at the 52nd annual meeting of the Ohio Citizens' Council for Health and Welfare Thursday.

Anniversary**Johnson Talks With Historians**

WASHINGTON (AP) — In the news from Washington:

ANNIVERSARY: It was 175 years ago that George Washington was inaugurated as the country's first president and Lyndon B. Johnson, the 36th president, feels now "there is a genuine need to re-study, re-evaluate, reassess many aspects of this office."

Johnson marked the anniversary Thursday by inviting a group of American historians to the White House for the occasion.

Flanked by the scholars in a White House reception room, Johnson proclaimed the year ahead as one to commemorate the office and to strengthen the service of that office in meeting our continuing challenges."

CALL TO COLORS: The Defense Department has halved its draft quota for June, issuing a call for 6,000 men — all, as usual, ticketed for the Army.

VETERANS: The American Medical Association has registered with Congress its opposition to the treatment of veterans at government expense for illnesses not related to their military service.

ago, the House defeated 222 to 184 a bill to boost the pay of members of Congress and all federal workers. Thursday, the House Post Office Committee voted 14 to 3 to try again, but with this difference:

Instead of a \$10,000 raise for the 535 senators and representatives — they now get \$22,500 — there would be a \$7,500 raise. And it would take effect next January instead of in July.

By delaying the increase until after the election, a congressman wouldn't be taking the political gamble of voting himself an on-the-spot raise.

President Johnson favors the pay increase.

The Atlantic City, N.J., physician said it is each man's responsibility to provide his own health needs.

What is State Issue Number 1? You will vote in the May 5th primary on a proposed amendment to the constitution "to provide adequate highways in Ohio . . . without increasing the burden on the taxpayers . . . necessary to continue the economic development of the state." Your vote simply authorizes the use of taxes already being collected, to finance new highways. (Quotes from the resolution.)

HOW CAN OHIO BUILD MAJOR NEW HIGHWAYS WITHOUT INCREASING TAXES?

Let's look at the facts:

Fact 1 — Money for highways comes from fuel taxes, license fees, the axle mile tax trucks pay, highway fines and similar sources. General funds are NOT used for highways.

Fact 4 — These roads are scheduled. They will be built. The question is "when?" By speeding up, we save in actual construction and right-of-way costs. (These costs rise an average of 3% every year.)

Fact 2 — You pay 11¢ a gallon gasoline tax — 4¢ Federal and 7¢ State. State taxes are sufficient to retire five hundred million dollars to be issued for the new highways. Issue Number 1 will neither RAISE NOR LOWER present highway taxes.

Fact 3 — From the 4¢ collected by the Federal Government, 90% of the cost of the Federal Interstate System is paid; and 50% of our other major highway construction costs.

Fact 5 — One-year obligatory notes will finance this project. This method of financing gives us more flexibility to issue notes as needed and keeps the interest cost low.

Fact 6 — State Issue Number 1 is backed by most leading civic groups. The resolution passed the Ohio House by an overwhelming 118 to 8, and the Senate 29 to 3.

5 Boards Told Setup Of Vocational School

LISBON — William K. Dunton, director of vocational and industrial education of Warren schools, was guest speaker at the joint meeting of Boards of Education of Columbiana, East Palestine, Leetonia, Wellsville and Lisbon, Thursday night at McKinley School. The Lisbon board acted as host.

Dunton explained the vocational education program and how the National Education Defense Act helps finance it. The program is used in Warren to a very good advantage, even for the slow learners so that they can earn a living after they leave school. Specialized training is provided for the advanced student.

During Dunton's talk, wives of members attended a style show, featuring knitting by Mrs. Sue Baker and Mrs. Dean Stockman. The school cafeteria staff served dinner.

OPENS EXHIBIT. Joel Hunter, left, president of the Crucible Steel Co. of America, is shown cutting a stainless steel ribbon, opening the largest product exhibit at the Greater Pittsburgh Airport. Others participating in the ceremony Thursday were J. H. Buerger, center, vice president, sales, and R. W. Kaufmann, right, director, stainless sales. The exhibit covers 600 square feet and features customer products made of Crucible stainless steels, ranging from beer barrels to handcuffs and needles and not forgetting the kitchen sink. The space was dedicated to the continuing promotion of stainless steels. Products currently featured were submitted by 50 different customers and over 100 have already replied to an invitation to display their products, nominating nearly 1,000 items. The exhibit is in the main aisle of the terminal building.

Hints from Heloise

—By Heloise Cruise —

Dear Heloise: Here is a secret I learned while visiting a dairy. They have large refrigerated holding tanks, all chrome and stainless steel. They were spotless and I asked if it wasn't a big job keeping them that way.

The secret was a rubdown with a paper towel dampened with mineral oil, and then polished with a dry one. This is easy if it is done daily.

I tried it on my stove top, toaster, and other appliances. Yes, I even used it on the washbowls legs, and they all shine like new. Later I ran out of mineral oil and tried plain, unsalted, vegetable oil. It works, too. Try it.

CLARA.

You are exactly right. We have checked this with stainless steel companies.

HELOISE.

DEAR HELOISE: One day while in the grocery store I was buying some cake mix and the little lady checking me out said, "I don't like to use cake mix as it's too lumpy," and I said, "Why don't you do as I do . . . sift it in your sifter?" She never had thought of that. Here's what I do:

I pour the cake mix in my sifter and when all the lumps

settle to the bottom after sifting it, I stick my hand in and just mash the remaining lumps through the sifting part.

This makes my cake mix so fluffy and soft. The same treatment applies to powdered sugar.

S.

DEAR HELOISE: When I wear a certain type of dress that causes static electricity, I always hang it in the bathroom while taking my shower. This allows the steam to get into the material and thus prevents static electricity.

Alice.

True, true, true — men have written that suits do the same thing. They should try your method. It works beautifully for me.

HELOISE.

DEAR HELOISE: Between seasons, when putting away your summer awnings, window screens, storm windows, etc., mark them with bright paint, crayon or a pencil, E-1-2-3-4, etc. This "E" is for the east side of the house. Also mark your windows at the same time to match that awning with the same letters, E-1-2, etc.

On the north, west and south, mark these awnings and win-

dows with an N W or S, starting from the left hand side, which is the way we read . . . with 1, 2, 3, etc. for each window in the row.

We used to have a lot of confusion trying to get the proper awning or window to fit that certain opening until the correct screen was found. Now we have no trouble at all, by just looking at our little identification marks.

ANN McCANN.

DEAR HELOISE: We sometimes have a battle royal getting the medicine inside the kids! And just who can afford to waste a drop of these gold plated miracle drugs?

I have found that if you set the child in a chair, open the medicine bottle, hand him the cap of the bottle, while you pour the medicine into the spoon, then hand him the bottle and tell him to put the cap back on it and quietly say "Open your mouth" — he is so absorbed in putting the cap back on the bottle that he swallows almost anything without knowing it!

With a word of immediate praise for him being able to cap the bottle, the whole operation is finished and no medicine wasted.

The United Freedom Movement, a federation of about 60 groups seeking increased civil rights for Negroes who make up nearly one-third of the city's population, has come out against the levy. UFM leaders say they will not support schools they consider segregated and inferior.

The success of a UFM boycott of schools April 20 indicates the levy could be in for trouble in the Negro wards of the east side.

Opposition to the levy also comes from two realty organizations—the Apartment and Home Owners Association and the Federation of Realty Interests. Their objection is mainly that the increase in millage is too high and has not been justified by the board.

Judge Raymond S. Buzzard will preside, replacing Judge Joel H. Sharp, who excused himself from the case. A venire of 60 prospective jurors has been summoned. Minamyer is among defendants who pleaded not guilty April 20 at arraignment on Grand Jury charges.

In the next case that is scheduled, George R. McHenry Sr., formerly of Lisbon R.D., will go on trial on an indictment alleging incest that was returned by the September 1963 Grand Jury. Authorities said McHenry was located a few months ago in Pennsylvania and extradited to Ohio.

In the past the board has asked for levies for two years, but the one to be voted on Tuesday is for five years. Behind the lengthening of the levy period was a fear that future community dissension over the school integration problem could lead to even rougher sledding for later levies.

Opposing the realty groups contention that the levy should be lower is the Cleveland Education Association which maintains additional funds will be needed before the five-year period ends.

Zsa Zsa Deserves Durability Award

Before all of the awards are given out this year, let's save one for Zsa Zsa Gabor. A golden statuette of a regal-looking female with her mouth open and sitting behind a paneled table with her name plate on it would be appropriate.

The inscription might read: "For Hal Humphrey durability as a TV panelist, feminist and ceaseless orator." Many TV fans viewing Zsa Zsa today may not be aware that she is rounding out 13 years of TV panel sitting. During those years she has appeared on more panel shows than George Jessel and Sam Levenson put together.

BILL BRENNAN, a big sentimental Irishman who now handles the TV fortunes of Compton advertising agency, discovered Zsa Zsa. Or maybe it is more apt to say that Bill was like a tourist seeing Old Faithful Geyser for the first time. It had been there all the time, but Bill figured out a way to harness all its eruptive beauty.

In 1951 Bill was program director of Channel 2, the CBS outlet in Hollywood, and he was putting together a panel show called "Bachelor's Haven."

Actor Tom Conway was Bill's first choice, but Conway was out of town.

"Then," Bill recalls, "Mrs. Conway said she had a sister-in-law who was a beautiful girl and would like to meet her."

ZSA ZSA was married at that time to George Sanders, actor, raconteur and brother of Tom Conway. She said yes to Bill's offer of a panel seat on "Bachelor's Haven" and thus began the longest sit since Shipwreck Kelly was hoisted atop his first flagpole.

It wasn't long before Zsa Zsa felt too big for the local "Bachelor's Haven" puddle. She hired the flamboyant press agent, Russell Birdwell, and soon was on the covers of Life and Look.

Senate Sifts New Point In Civil Rights

Bringing Up A Family

By DR. GARRY MYERS

'Improvement' Displays Help Students

WASHINGTON (AP) — The Senate had a new point to consider about automatic jury trials in civil rights cases today: Whether to exempt state officials.

Sen. John Sherman Cooper, R-Ky., Thursday night introduced an amendment to one that called for such trials in all criminal contempt cases in the civil rights bill.

The court would have the power to punish officials who in their official capacity disobeyed its orders.

Until Cooper introduced his amendment to one offered earlier by Sen. Herman Talmadge, it had looked like the Senate was all set to vote by the middle of next week on a substitute proposal—a compromise calling for jury trials in only certain cases.

Now, action apparently must come first on the Cooper amendment before anything can be done about the substitute.

Southern foes were still going strong against the substitute proposal.

Bringing Up A Family

By DR. GARRY MYERS

Often the modern elementary school puts on what is called "Parents Night," giving the mothers and fathers an opportunity to meet with their children's teachers and find out how the youngsters are doing. This is done by children who showed great improvement for a specified period. If several successive samples of work done by a child over a period of time were displayed, the younger would be graphically apparent.

IT SHOULD NOT be difficult for a teacher to have displays on the walls of her classroom on improvement. If she did so, practically every child there would hope to win a place in the exhibit.

Often the child whose work

had been very poor, even the poorest in his classroom, will be encouraged after seeing displayed successive samples of improvement in his work over a period of time.

At home you might choose to display on the kitchen wall only the best papers brought home by your child. But if you were to show as much interest in his work that indicates how much he is improving, especially in neatness, you will be amazed how effective this could be.

My bulletin, "Celebrate Your Child's Successes," may be secured by sending a self-addressed, stamped envelope to me in care of The Review.

Federal-State Plan Benefits Kentucky's Jobless Parents

By BILL NEIKIRK

HAZARD, Ky. (AP)—On an abandoned strip mine bank in eastern Kentucky, Rufus Neace of Hazard was doing his first regular work in nearly two years.

Neace and 29 companions

were planting trees over several acres, to stabilize land ravaged by a strip miner many years ago and then abandoned in piles of barren earth and rocks uprooted as the coal was removed.

Their employer: The U.S. government and the State of Kentucky. The program: Aid to unemployed parents of dependent children.

"This is a real fine program," Neace said. "I'd rather work myself. I'm used to working."

Neace has six children, but he had been out of work since he was laid off from a sawmill job in Michigan. His unemployment compensation payments

were exhausted long ago. Like many others who left, got jobs, then lost them, he had come back to the hills of eastern Kentucky—home.

His companion, Harold Summer, of Viper, was in a similar situation. With three children, Summer found no demand for unskilled labor.

Does he mind working for a welfare check? "I think it's all right," he said. "It's sure a lot better than laying around and doing nothing."

That partly explains the theory behind the unemployed parents program started in parts of Kentucky recently and due to be expanded to all 120 counties next year.

Unemployed parents work to receive benefits under the federal-state program.

Ralph Wells, state economic security supervisor at Hazard, said the work program is gaining wide acceptance in this poverty-stricken area.

It is also developing as a tool to clean up and beautify eastern Kentucky, scarred by mining and lumbering projects and by floods that damaged property and scattered debris through the valleys.

District Forester Lyle R. Shoemaker, who supervises a nine-county forestry region, is watching over the project to stabilize thousands of acres of abandoned strip mines. The men are becoming adept at fighting forest fires, too, he said a ready labor force for the critical first hours after fires are spotted.

Cost Of Living Rose In March, Report Reveals

WASHINGTON (AP) — Living costs inched up one-tenth of 1 per cent in March as prices rose for virtually all consumer items except food, the government reported.

Lower food prices were offset by higher costs of housing, and other basic items, bringing the consumer price index to 107.7.

This means that it now costs \$10.77 to buy goods that cost \$10 in the 1957-58 base period.

A Labor Department spokesman said costs could be expected to go up again for April, but he added "there is not the slightest indication of any serious inflation."

The spokesman, Deputy Commissioner Robert J. Myers of the Bureau of Labor Statistics, said relatively stable prices during a general business upturn provided "a very reassuring performance."

Earnings On Rise For Ashland Oil

The Ashland Oil & Refining Co. of Ashland Ky., has recorded a 40 per cent increase in earnings for the first six months of the current fiscal year and an increase of 54 per cent for the second quarter ended March 31, 1964, company officials said today.

Earnings for the six-month period climbed to \$12,067,121 or \$1.57 a share, compared with \$8,612,213 or \$1.13 a share in the same period last year. Second-quarter earnings of \$6,050,649, or 79 cents a share, compare with \$3,929,362 and 51 cents a share earned a year ago.

Sales of \$193,843,256 for the six months were \$20,214,513 greater than last year.

Reflecting increasing earnings, the Board of Directors has voted an increase in the company's regular quarterly dividend to 53 cents a common share from the 30 cents paid in preceding quarters.

The new regular quarterly dividend on common stock and regular dividends on preferred shares are payable June 15 to stockholders of record as of May 18, 1964. Ashland Oil has a facility at Wellsville.

2 Rhodes Aides Eye Appalachia Testimony

WASHINGTON (AP) — Two of Gov. James A. Rhodes' key aides—administrative assistant John M. McElroy and development director George Wilson—hoped to work out a schedule of testimony today with representatives of other states in the Appalachia program.

Officials from the states involved will appear before congressional committees considering the administration's anti-poverty measure. Ohio asked to be included at the urging of representatives from 18 southeastern counties.

Unidentified Flying Objects Held As No Threat To U.S.

By FRED S. HOFFMAN

WASHINGTON (AP) — The Air Force has investigated more than 8,000 reported unidentified flying objects in 16 years "and has yet to discover any evidence that UFO's represent a threat" to U.S. security.

It also said today that probes of such sightings back to 1947 have failed to turn up any evidence that UFOs are "alien interplanetary space vehicles under some form of intelligent control."

This report was furnished to The Associated Press as the Air Force looked into a new epidemic of strange sightings in the skies over New Mexico.

One of the Air Force's leading civilian consultants on UFO's has gone to Socorro, N.M., to investigate the latest reports. He is Dr. J. Allen Hynek, director of the Dearborn Observatory at Northwestern University.

The latest report on "Project Bluebook," the congressionally ordered Air Force study of unidentified flying objects, extends through 1963.

It shows that over that 16-year span, 7.7 per cent of the 8,128 reported cases remain unidentified.

The Air Force is not conceding that there is anything similar about these unexplained sightings. It just says, in effect, they can't be corroborated with

GE's Reimbursements Include 5 Ohio Firms

COLUMBUS, Ohio (AP) — The settlements newly announced by General Electric Co. as reimbursement for alleged fixed prices on electrical equipment include some \$5.3 million for five major Ohio utility companies. G-E settled out of court in connection with antitrust suits stemming from a 1960 conspiracy among manufacturers.

Cleveland Electric Illuminating Co. says it is getting about \$1.5 million; Cincinnati Gas & Electric Co., \$1.5 million; Columbus & Southern Electric Co., \$950,000; Dayton Power & Light Co., \$700,000, and Toledo Edison Co., \$650,000.

Testimonial For Shack . . .

Up Beaver Falls way, June 20 will be a big day for Leland Schachern.

Shack is retiring from teaching and coaching at the end of this school year and they're giving him a testimonial dinner that night.

Shack has been teaching and coaching at Beaver Falls High School, but he was head football coach at East Liverpool in the early 1930's.

He coached from 1930 until 1934 when he was relieved by Tom Slusser who was then followed by Joe Morbito.

Shack, who has many friends here, was in East Liverpool for the football banquet in 1962 when the 25th anniversary of the Bill Booth award was observed. He was Booth's coach in high school.

He brought quite a few laughs from the crowd with his amusing but heart warming stories.

Not many remember that among Shack's early accomplishments was the fact that he quarterbacked the Geneva College football team to a victory over Harvard in 1926.

One of his teammates on that squad who plans to attend the testimonial was Cal Hubbard, presently umpire-in-chief of the American League.

Shack gave up football several years ago, but he still coaches the baseball team.

In his tenure at Beaver Falls, he has produced several outstanding athletes, including Joe Walton of the New York Giants.

He Was Here When . . .

Several notable incidents occurred while Shack was at the helm of the Potters.

In 1931, East Liverpool played its first night game in the school's history at Patterson Field with the Potters defeating Toronto, 20-12.

In 1932 was the near riot at Canton McKinley when a Canton player fumbled the ball on the Potter 10-yard line and Bob Kapp grabbed the ball and started down field. In the clear at the Canton 30, a fan leaped out and tripped him. A big rhubarb followed between players and coaches but the officials finally awarded East Liverpool a touchdown to put the game on ice.

One of Shack's memorable quotes during his stay at East Liverpool happened when he was asked if he was going to have a scrimmage. Schachern replied: "What with? In a town of 23,000 we only have 23 players on the varsity squad."

Anyone wishing to attend the dinner at Beaver Falls can write Paul Bischoff at Geneva College.

Midland Cagers To Fly . . .

MIDLAND will take to the air next basketball season. Hank Kuzma told us that the Leopards would fly to Bethlehem, in Eastern Pennsylvania, next Jan. 30 for a benefit game.

Kuzma also issued a challenge to Uniontown to meet the Red Raiders in the opening game of the season at the Civic Arena in Pittsburgh with both schools splitting the gate, but Uniontown declined.

This 'N That In Sports . . .

ROGER DIDDLE, Beaver Local track star, plans to enroll at Ohio University at Athens next fall. Roger has been a consistent winner in dash events and the broad jump this spring.

GEORGE GAYDOS, who averaged over a 100 yards per game when he was running through the opposition for Beaver Local two years ago, is one of the top candidates for the varsity squad at Colorado State College.

George was one of the top backs for the freshman team at the Colorado school and he is shooting for a fullback spot with the varsity. Colorado State is presently conducting spring practice.

Gaydos has an athletic scholarship to the school.

CONTINUING with Beaver Local athletes, Bill Tychonievich, valedictorian and a varsity wrestler, is headed for William & Mary College.

HERE'S one for the books. Both pitchers turned in no-hitters in a seven-inning game between two New York high schools, but Port Byron won the game, 1-0, defeating Mt. Carmel on an error, a walk and a wild pitch.

MIKE KRIVOSHIA, Midland's outstanding football star, underwent minor surgery this morning at Rochester General Hospital on his right hand which was injured when a car door slammed on it.

Mike indicates that he will go to either Ohio State or Maryland to continue his education. Both schools have offered full athletic scholarships.

Even Dozen Set For Derby Run

By TED SMITS
Associated Press Sports Editor
LOUISVILLE, Ky. (AP) — Hill Rise, the pride of California, and Northern Dancer, Canada's hope, ruled as favorites today among the dozen 3-year-old thoroughbreds entered for the 90th running of the \$125,000-added Kentucky Derby.

Pre-race odds on Hill Rise are 6-5 and 5-2 on Northern Dancer. Far behind, in the view of the handicappers, are Quadrangle and The Scoundrel, each 8-1.

Cloudy skies and a temperature in the 60s are forecast for Saturday's race. The track should be in good shape despite rain in the early part of the week. A crowd of about 100,000 is expected.

Post time is 4:30 p.m. EST. CBS will televise the festivities from 4 to 5 p.m. Its radio broadcast is from 4:15 to 5 p.m.

If all 12 colts start, the purse will aggregate \$156,800 and the winner will receive \$114,300. It

Dancer, Hill Rise Favored

costs \$1,250 just to go to the post in addition to the \$250 entry fee and \$100 to nominate.

Back of the four favored thoroughbreds are Roman Brother No. 10-1, Mr. Brick 15-1, Dandy K. and Wil Rad 20-1, and Mr. Moonlight, Ishkoodah, Roy a l Shuck and Extra Swell, all 30-1.

Post positions do not mean much because of the five-eights mile straightaway from the starting gate to the first turn, but Northern Dancer's trainer, Horatio Luro, got exactly what he wanted when he drew No. 7. Hill Rise is next to the outside in No. 11.

Mr. Brick got the inside position, Quadrangle No. 2, Wil Rad No. 3, Extra Swell No. 4, Mr. Moonlight No. 5, The Scoundrel No. 6, Ishkoodah No. 8, Dandy K. No. 9, Royal Shuck

No. 10, and Roman Brother No. 12.

This undoubtedly will be the best second-guess Derby ever. The nation's top jockeys have played musical saddles with a vengeance.

Bill Shoemaker, who rode E. P. Taylor's Northern Dancer to victory in the Florida Derby, will be on Hill Rise.

Bill Hartaci, who won the Wood on Quadrangle, will be on Northern Dancer. Manuel Ycaza, who has previously ridden Roman Brother and Northern Dancer, will be on The Scoundrel. Bob Ussery will be on Quadrangle.

A Canadian-bred horse never has won the Kentucky Derby. Northern Dancer was foaled at the National Stud Farms at Oshawa in Ontario. Nearctic is

the only other Canadian horse to win a Triple Crown.

When he won Tuesday's Derby by Trial in the excellent time of 1:35 1-5 people began to talk of him as a potential winner of the triple crown, which means the Preakness and the Belmont in addition to the Derby.

Post time 4:30 p.m. EST. Television — 4 p.m. EST, CBS.

Central Eliminates ELHS Nine In Tournament, 3-1

In a tightly played contest, the East Liverpool Potters were eliminated from the Sectional Class AA baseball tournament by a 3-1 margin Thursday at the hands of Steubenville Central on the Bellevue diamond in Steubenville.

While Central was defeating the Potters, Steubenville Big Red marching over Toronto, 8-3. The two Steubenville teams will clash today for the Sectional title.

Phil Stewart almost put the Potters in the finals. Coming to bat in the final inning with ELHS trailing 3-1 and with two runners on base, Stewart belted one over the fence but it was declared foul by inches.

Central scored one run in the fourth inning then added two more in the fifth.

East Liverpool's lone run came in the last of the seventh and was driven home on a single by Joe Massey.

Boosters' Banquet Sunday Will Honor Midland Squad

The Midland High School basketball team will be guest of honor at a community banquet Sunday night at the USW hall in Midland.

The Leopards completed one of their most successful seasons, winning the Section 8 championship and advancing to the finals of the WPIAL, the first time in the history of the school, before losing to Uniontown. The team was undefeated in regular season play, winning 22 straight games. They ended the campaign with a 24-1 record.

Out of town coaches that will attend the event include Ben

Martin, Shaler; Connie Palumbo, New Castle; Neenie Campbell, McKeesport; George Milby, Martins Ferry; Bill Edwards, New Brighton; John Novaleski, Riverside; George Hromick, Western Beaver; Nate Lippe, Hopewell; and Joe Cochran, football coach at Midland.

Joe Tronzo, sports editor of the Beaver Falls News Tribune, will be the toastmaster for the affair.

Members of the varsity will receive gifts from the committee in recognition of their fine season.

Wellsville Track Team Registers 85-33 Victory

Paced by a record-setting mile relay team, Wellsville High's track and field forces swept past Crestview, 85-33, for their first victory of the season Thursday at Nicholson Stadium.

Coach Ken Woods' thinclads, dotted by promising underclassmen, rolled to victories in 11 of 14 events.

Obedience Class Set At Midland May 12

The new Mindoh Kennel Club of Midland, which is open to dog owners of the district, will hold an obedience class for all dogs beginning Sunday, May 12, at 6 p.m. at the Crucible baseball field.

Anyone interested in the class are asked to call Miss Rose Ann DiMaggio at 643-7583 or Carmen Cananzi at 643-5946.

14 events for a lop-sided decision, giving them an overall 1-5 record.

The mile relay team set a Nicholson Stadium record in touring the circuit in 3:49.3. The runners were Todd Weekley, Bob Morehead and Jack Young.

all freshmen, and Pete Pease, a junior.

Pint-sized dashman Tom Miller of Wellsville won the 100 yard dash in 11.2, tied with Greg Thomas for the 220 yard dash in 24.3, and ran a leg on the Tigers victorious 880 yard relay team. The relay quartet of Miller, Thomas, Fred Wilson and Ben Thompson won in 1:42.3.

John Sedor of Wellsville was also a double winner, taking the high hurdles in 18.2 and the lows in 23.7. He is a sophomore. Ron Daniels won the mile in 4:56 for Wellsville, while Morehead took the 440 yard dash for the Tigers in 56.9.

Other Wellsville winners were Bill Pease in the broad jump, 18 feet, 5½ inches, and Dick Smith in the pole vault, nine feet.

Crestview won a dash and three field events. Mercer won the 880 in 2:12.9, while Tupper took the shot put at 41 feet, 6 and ¾ inches and the discus in 123 feet, one-half inch. Knight swept the high jump with the bar at five feet, four inches.

Wellsville hosts Jefferson Union Tuesday at 4:30 p.m.

No Benefits Around Cincy Robinson Says

CINCINNATI (AP) — Frank Robinson, Cincinnati outfielder, says he is not "unhappy" about playing baseball for the Reds but he'd like to have a better chance to make off-season money in product endorsements and radio and television appearances.

Rumors have been frequent that Robinson was "unhappy" here, particularly after his poor season in 1963 and his slow start this year.

He was asked directly today if he is "unhappy."

"That is not true," Robinson said. "I am not unhappy here. I like the club and everything else."

"What I do mean is that a fellow playing in Cincinnati does not get the money in product endorsements, radio and television appearances, and other off-season opportunities."

"I would like to make more money along those lines. Some guys get it who do not have the good seasons I have had. A ball player has only so many years in which to make it."

"Some guys are making, or have made, more money on the side than my salary and their records are not as good as mine."

He named Roger Maris, New York Yankee who two years ago bettered Babe Ruth's home run record in a longer season, but who since has fallen off in his annual raceway.

Racing secretary Herb Davis said more than \$130,000 in purses will be distributed to winners during the meeting that ends Memorial Day. The schedule calls for nine races each night except Sundays with post time at 8:30 p.m.

Bowmen's Club Sets Shoot At Cumberland

NEW CUMBERLAND — The Wyandot Bowmen's Club will sponsor a 56-target trophy shoot Sunday at 10 a.m.

'Good As 1957 Club'

Spahn Says Braves Could Capture National League

By DAVE O'HARA
Associated Press Sports Writer

MILWAUKEE (AP) — When a master of his trade speaks, it's best to pay attention. So when southpaw Warren Spahn predicts the 1964 Milwaukee Braves are a pennant contender other clubs better take notice.

"You know, we have a pretty darn good ball club," the Braves' 43-year-old pitching ace said Thursday night before being honored as Wisconsin's Athlete of the Year in 1963. "I honestly think we're as good as we were when we won our first pennant in Milwaukee in 1957," he continued. "We have the hitters to get us the runs we need. The punch is all down the line. So it should come right to our pitching. And I think we've got it."

Spahn, who has become the head to another magic 20 this biggest left-handed winner in year.

"But I expect plenty of help this year from the kids like Dennis Lemaster, Tony Cloninger,

Hank Fischer and Bob Sadowski," he said. "Those kids can throw hard and good. Lemaster is a fine pitcher. Cloninger may have found himself with the one-hitter the other night against Pittsburgh. Fischer has won both his starts for us. And Sadowski knows what pitching is all about."

Spahn goes tonight against the Philadelphia Phillies, who top the National League with nine victories in 11 starts. The Braves are in third place, two games off the pace, with an 8-5 record.

Howe Named To NHL Team For 15th Time

Montreal (AP) — Chalk up another hockey record for the Detroit Red Wings' Gordie Howe, who already holds so many he'd have to hire a statistician to keep track of them. It's most times selected for National Hockey League All-Star teams.

When Howe was named to the second NHL All-Star team for 1963-64 Thursday it was the 15th time in his 18 seasons he had made either the first or second teams. Previously he and Maurice Rocket Richard, retired Montreal Canadiens star, had been tied with eight first-team selections and six seconds each. A few years ago Howe took all-time NHL scoring honors from Richard.

By comparison, the five Chicago players and one from Toronto named to the NHL first All-Star team are relative novices.

Chicago's Bobby Hull, the unanimous choice for the right wing position, made the first team for the third time in five years. He has been second once.

Center Stan Mikita, the NHL scoring champion, was a first-team selection for the third straight season.

Goalie Glenn Hall and defenseman Pierre Pilote each collected his fifth straight All-Star bonus. Hall making his third appearance on the first team and Pilote his second straight.

Defenseman Tim Horton, only representative of the Stanley Cup champion Toronto Maple Leafs, finally made the first team after having been on the second team twice.

In addition to Howe, the second team picked by 18 sports writers and broadcasters representing all six NHL cities, were goalie Charlie Hodge, center Jean Beliveau and defenseman Jacques Laperriere of the Montreal Canadiens, Chicago defenseman Elmer Vasko and left winger Frank Mahovlich of Toronto.

Karras Signs Contract With Detroit Club

Detroit (AP) — Those broad smiles being flashed around the Detroit Lions' office Thursday meant bad news for the rest of the National Football League.

Alex Karras, the Lions' star defensive tackle who was reinstated last month after a year's suspension for gambling, signed his first two-year contract Thursday. He said he was anxious to start playing.

Karras was an all-pro selection before the year's forced layoff. He reported for the signing weighing a trim 240 pounds — some 10 pounds under his 1962 playing weight.

Karras and Green Bay Packers' halfback Paul Hornung were suspended by NFL Commissioner Pete Rozelle for gambling on NFL games. Their reinstatement followed separate review of their records by Rozelle.

Phils Sweep Series With Cincinnati

CINCINNATI (AP)

The Cincinnati Reds can't beat the 1964 Philadelphia Phils either.

The National League leaders defeated Cincinnati 3-1 Thursday night to sweep a two-game series. They moved on to Milwaukee with a record of 9-2 so far this early season.

The Phils started making things miserable for the Reds last year, winning 10 of the 18 games played.

Dennis Bennett (2-1) had just enough on his southpaw pitches to go the route last night.

Veteran Joe Nuxhall (1-2) pitched brilliant ball for the Reds after giving up two runs in the weird first inning. He then held the Phils to two hits and no runs until leaving for a pinch hitter in the seventh.

Cincinnati outhit the Phils, 8-6, and had several chances to score.

This how Nuxhall lost the game:

Tony Taylor singled to right and Johnny Callison walked. Rookie star Richie Allen brought Taylor home with a double against the scoreboard, Callison stopping at third. Roy Sievers walked, filling the bases.

Then Tony Gonzalez was hit in the back with a pitched ball. This forced in Callison. The inning ended as Danny Cater and Gus Triandos struck out and Bobby Wine flied out.

Reliever Jim Dickson gave up the Phils' third run in the ninth on Cater's double to right center, an infield single by Triandos and Wine's fly to deep left.

Cincinnati will try its luck tonight against weaker opposition

The New York Mets who are moving in for a four game series. Joey Jay (1-1) is scheduled to pitch for the Reds with Tracy Stallard (1-2) on the mound for New York.

Attorney For CORE Hits Ordinance At Cleveland

CLEVELAND (AP) — An attorney for the Congress of Racial Equality (CORE) has described a proposed city ordinance banning picketing at public schools as an attack on the civil rights movement.

In another development Thursday in the city's school racial controversy, 149 clergymen urged the school board to act in the dispute or let someone else try to find a solution.

Bruce S. Warshal, attorney for CORE spoke against the ordinance at a hearing of City Council's safety committee.

CINCINNATI (AP) — The Cincinnati Reds can't beat the 1964 Philadelphia Phils either.

The National League leaders

defeated Cincinnati 3-1 Thursday

night to sweep a two-game

series. They moved on to Mil-

waukee with a record of 9-2 so

far this early season.

The Phils started making

things miserable for the Reds

last year, winning 10 of the 18

games played.

OFF THE RECORD

"How about that? Charles remembered to mail my invitations this time."

**How Can I?
By ANNE ASHLEY**

Q. What can I do if I have inadvertently gotten too much bluing into some of my wash?

A. Just rinse the articles in clear water to which you've added a little vinegar.

Q. Is there anything at all I can do about bone or celluloid knitting needles that have broken?

A. It is possible sometimes to get more life out of them. They are easily sharpened in a pencil sharpener, or with a knife, then smoothed down with an emery board.

Q. How can I preserve the natural color of knotty pine?

A. By treating it with a 50-50 mixture of turpentine and linseed oil. A thorough treatment should be allowed to dry for two

hours at least. Any excess may then be wiped off. Keep up the treatment, using a good clean brush, until the wood no longer absorbs the mixture.

Q. How can I improvise a good movie screen for home movies?

A. A card table makes a very fine screen. Open up just two adjacent legs on the table, and use these to hold the table on edge on top of another table. Then, if the surface of the card table is dark-colored, you can cover it with white paper or sheeting.

Q. How can I concoct a good, harmless, and stainless glue at home?

A. By soaking plain cooking tapioca in water. This is an especially fine glue for the very young child who likes to taste everything he uses.

ANSWER: If you go out when the full moon is shining, you can demonstrate for yourself just what an eclipse is. Cover one eye and hold a marble up over the moon's disc, as Janet is doing in the top picture. By moving the marble back and forth, you can cover the moon's surface completely, this is a "total eclipse." If you move the marble a bit to one side it will be a "partial eclipse."

An eclipse of the sun works on the same principle, as Janet is showing with her brother's help in the lower picture. The flashlight is the sun; John holds a small ball on a stick to represent the moon. Notice the long shadow of the moon reaching down to touch the earth at just one point. If a person was standing at that point the sun's disc would be completely covered by the moon (as the moon was by the marble) and so the sun would be in total eclipse at that point.

The reason astronomers can predict eclipses so exactly is that the earth moves in a regular orbit around the sun and so does the moon around the earth. Because of the regularity of these orbits, astronomers can figure out just where these bodies are in relation to each other at all times, and so they can determine just when the moon will come between earth and sun and just where the shadow will fall.

SUN ECLIPSE**

QUESTION: How does an eclipse of the sun work? How can one be foretold?
